## FAQs

*Do you accommodate dietary restrictions and allergies?*

We will do our best to accommodate special requests. Please inform our team of allergies or dietary restrictions, as items on the menu may contain ingredients that are not listed.

*What if there is a dish I really want, but I don't see it offered?*

We are happy to provide you with a custom menu if you don't see anything that catches your eye. We source our food based on what is available and in season, so please keep in mind that some things may not be possible based on season.
